

# Instagram Deliverables Guide

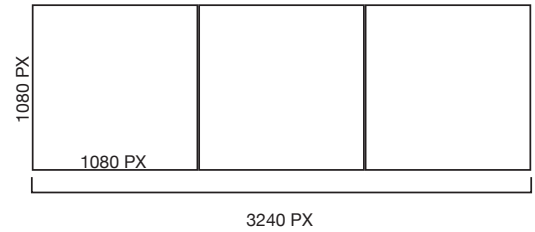

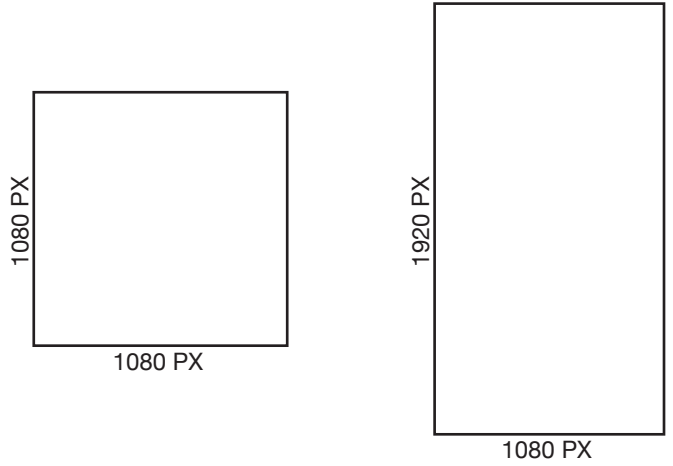

Students should prepare the following as part of the final deliverables for each project:

**(3)** 1080 Pixel by 1080 Pixel JPEG OR PNGS Images

**(2)** 1920 Pixel by 1080 Pixel JPEG OR PNGS Images

All of these images should be labeled with the following information:

- Class (Example: VISC 204)
- Year (Examples: 2024)
- Your Name

If you prefer a more horizontal canvas you can create a series of images based on one larger art-board divided up into smaller (1080 x 1080) images.
